

# Custom Control Panels

Designed and built to meet *Your* needs

## Need Custom Control Panels? You Got It

Sprecher + Schuh is your go to builder for custom motor control panels. Our panel shops are both UL508 and CSA approved. This means our knowledgeable team can design your panel for custom applications to meet UL/CSA, ATEX and CE standards. Our engineering and custom quotes staff work with the customer one-on-one in designing a motor control panel that best fits the customer's needs. No job is too small or too big for our staff to take on.

We continue to develop innovative, new products and improve existing designs. We constantly strive to maintain a superior level of service including achieving an ISO 9001 Certification. Our panel shop is expanding to accommodate our customers' needs. We stock not only Sprecher + Schuh components but also MCCB and enclosures in a variety of sizes and types (metallic, non-metallic and explosion-proof). This means we can design, assemble, wire, and quickly ship a variety of custom panels.

## What Can We Build For You?

Regardless of your industry or custom control panel needs, we at Sprecher + Schuh have the engineering experience and manufacturing facilities to design and build your panels. Whether your need is to design an OEM panel that will be repeated, or a one-of-a-kind, we have an experienced engineering and quality control team dedicated to providing the best solution to your custom control panels. Our manufacturing facilities in the USA and Canada are staffed with experienced wiring and installation technicians, ensuring your custom panel meets safety and performance criteria. Through this commitment to service, and never-ending attention to detail, we continue to be the first and last words in motor protection.
